Please check if new address

Please follow these instructions carefully

1. A notarized letter of authorization or lease agreement must be on file with the ApHC prior to acceptance of signature of said agent or lessee.
2. Keep a separate record sheet for each breeding season on each registered stallion used for breeding purposes.
3. Report shall be on file with the Appaloosa Horse Club, postmarked on or before November 30 of each calendar year. Faxed applications are not acceptable. Fees subject to change.
 - A. Reports submitted must be accompanied by a filing fee of \$10 plus \$4 per mare for members, or \$75 plus \$17 per mare for non-members.
 - B. Reports submitted late must be accompanied by a late filing fee of \$20 plus \$8 per mare for members, or \$85 plus \$29 per mare for non-members. Members may file 1990 and prior Stallion Breeding Reports for a \$10 filing fee plus \$4 per mare.
 - C. The addition of mares to a Stallion Breeding Report previously filed will be \$10 per mare for members, and \$35 per mare for non-members.
4. Ask to see the Certificate of Registration of each mare bred. This will assist you in the preparation of this report.
5. Verify that the last recorded owner of the mare is the person contracting the breeding to this stallion.
6. Give exact date(s) bred—If more than one service is given to a mare, please note the different dates.
7. Indicate the method of breeding. The Transported Semen Program is only available to Stallions that have a Transported Semen Permit issued before such breeding occurs.

8. Keep a duplicate copy of this report for your files and future use. Copies requested from the ApHC by the owner will cost \$5 per page.
9. Send the original report to the Appaloosa Horse Club. Photocopies and/or facsimiles are not acceptable.
10. If the mare is in the process of being registered indicate, “papers applied for” in the Breed & Registration Number column.
11. Stallions or mares that are classified as either N/C, CPO, BSO, BSN, ID, PC, or registered with an approved breed association must be bred to an Appaloosa with a registration classification of Regular.
12. **All stallions by submission of their stallion report must be DNA tested, and the results must be filed with the ApHC.** Presence of an ApHC identifier at the time the sample is taken is not required. Once DNA results are filed with the ApHC, it is not necessary to repeat such filing, except as requested by the ApHC. If the stallion is registered with an approved breed association and has DNA type on file with said association, the ApHC may obtain permission from the owner to obtain the DNA type from the association by signing a waiver and submitting it to the ApHC along with a \$10 filing fee.
13. If the stallion is registered with an approved breed association, a Stallion Breeding Report **MUST** be on file with the Appaloosa Horse Club. A one-time listing fee of \$25 for members, and \$90 for nonmembers, is required on stallions and mares not previously listed with the ApHC. A photocopy of both sides of the horse’s current Certificate of Registration must accompany each stallion report. The photocopy must show current ownership and any existing lease agreements.
14. If a receipt is desired, send reports by “certified mail — return receipt requested.”

Fees subject to change — check the current Official Handbook of the ApHC for current fees and rules. U.S. funds only.

	ApHC Member	Non-Member
<input type="checkbox"/> Stallion Report filing fees plus each mare	\$10.00 \$4.00	\$75.00 \$17.00
<input type="checkbox"/> Late Stallion Report filing fees plus each mare	\$20.00 \$8.00	\$85.00 \$29.00
<input type="checkbox"/> Mare addition-per mare (add mare[s] to a report already filed with the ApHC)	\$10.00	\$35.00
<input type="checkbox"/> I wish to order a DNA kit for the stallion	\$50.00
